Honouring the Woman of Donwood

Last year, we were so very blessed with flowers for our garden by Residents Families honouring the women of Donwood. It was a gift that everyone enjoyed right up to the first frost. We are reaching out once again to help us honouring the amazing women who call Donwood Manor home. If you would like to contribute to our beautiful gardens we welcome you to drop off any flower donations at 171 Donwood Drive from 10:00 am to 7:00 pm, Monday to Friday until May 21st. Flowers can be left on the table in the vestibule.

1:1 Programming with Lisa

Susan and Lisa (TRF) have been spending some 1:1 time growing things. The tall plant on Susan's windowsill is a potatoe plant and she can hardly wait to enjoy the goodies grown underneath. Will it be mashed, roasted, baked or french fries?

Residents of Two North & First Floor remember Mom

My mother lived on the first floor of Donwood Manor. When she lived here, my mom would help the cleaning staff. She didn't like to watch others work and her not help. - **Mary K., 2N**

After spending about an hour at a Ladies Shop we were going to a hardware store. My mom bought me a fancy cup and saucer and it was understood that its my cup and no one was to use it! - **Veronica K., FF**

Mother was a character and always put a laugh in everyone. When I was old enough to move out, I would visit mom often. I would call her and ask "Do you have the kettle on?", which meant I was coming for a visit. - **Pat H., 2N**

My mom sewed all of our clothes for us and she would say, "I find this hard!". Mother was an excellent baker and loved to bake cookies, cakes, and bread. My mom taught me many songs. *Jesus Loves Me* is still my favourite. - **Helen W., FF**

I lost my mom early in life (grade 8) but remember her being a very special woman. She was a country woman and I have found memories of her taking me to Grand Beach. - **Joyce B., 2N**

I recall a memory with my mother and fact that I liked food. My mother made spaghetti with meat balls plus macaroni and cheese one day and she asked me which I wanted. I replied, "a bit of both". She smiled at that as I was only three. - **Evie B., FF**
